JACKSONVILLE, ILLINOIS, SUNDAY MORNING, JULY 30, 1905.

DEATH LIST IS INCREASING

MORE VICTIMS OF FEVER AT NEW ORLEANS

Health officials still contend situation is not alarming. Several suspects held at New York.

New Orleans, July 29.—Although there was a considerable increase in the number of deaths in the twenty-four hours ending at 8 p. m., the yellow fever situation to night was not regarded as alarming. To night closed the first week of the campaign since antiseptic disinfection disclosed the sickness prevailing here to be yellow fever and it was the belief of those engaged in the work of trying to save New Orleans from an actual epidemic that progress has been made. Success of physicians in preventing serious outbreaks in new neighborhoods in which the disease has appeared is taken to mean that practical results are being obtained from the thorough system of screening now in vogue. Good results are showing from the establishment of the emergency hospital, which is serving to relieve certain districts of serious cases and thereby enabling expeditious disinfection of infected premises.

Dr. White announced to day that three of his detention camps organized to enable persons who want to leave the city to meet quarantine requirements of other states were in full operation.

There has been some talk here that the whole situation might be transferred to direction and control of the government, but that is not likely. The fever has been officially declared epidemic, local officials who are handling it are all scientific men with ample resources and there has been no desire expressed by federal authorities for any change in the present arrangements.

The following is the report of health authorities on yellow fever up to 6 p. m. to day:

New cases, 23; cases to date, 266; deaths to date, 77; deaths to date, 64. Deducting the number of deaths and number of recoveries it is believed there are now not more than 75 cases under treatment.

FEVER SUSPECTS.

New York, July 29.—Seventeen persons were removed from the steamer Saginaw and transferred to the detention hospital for observation when the steamer arrived from Colon to day. Eight of the crew had been ill during the entire passage. Four members of the crew suffering from yellow fever were removed from the steamer just prior to her departure from Colon.

PASSENGERS RELEASED.

All passengers of the steamer Alamo, from Galveston, who were transferred to Hoffman Island yesterday, were released to day. The Alamo passengers were detained on suspicion some of the number might be suffering from yellow fever.

MAINTAIN QUARANTINE.

Jackson, Miss., July 29.—Governor Vardaman has returned from the Gulf coast, where he went for a conference with marine hospital service men, and reports all yellow fever quarantine matters in good shape. The governor has placed Adjutant General Fridge in charge of the quarantine service and the latter has issued orders to soldiers to maintain quarantine at the point of the bayonet.

Although Governor Vardaman has placed Adjutant General Fridge in charge of the quarantine against Louisiana, he has not called out the state militia. Fridge has been given several officers and privates of the national guard to aid him in enforcing his orders.

With no less than twenty-five cases of possible yellow fever detected under observation on quarantine island Dr. A. H. Day, health officer of the port, said to night that Louisiana cases must elapse before it could be absolutely determined by bacteriological test whether any of the suspects were infected with the dread plague.

Memphis, Tenn., July 29.—Following quarantines established by Memphis and Chattanooga, the entire state of Tennessee this afternoon closed its doors against New Orleans and all other points where yellow fever is prevalent. This action was taken at a joint meeting here of state, city and county boards of health. Governor Cox has endorsed the action taken and promised his active support in carrying out the quarantine regulations.

BANK STATEMENT.

New York, July 29.—Loans increased \$18,490,700; deposits increased \$23,344,700; reserve increased \$5,942,700; surplus increased \$365,025.

NEGRO LYNCHED.

Dallas, Tex., July 29.—An unknown negro who attempted to assault two white women, was lynched to day near Avery by a mob of several hundred men.

LOW RATE EXCURSION.

to Springfield, Sunday, July 30, 1905, round trip 75c. Special train leaves Jacksonville Sunday, July 30, 1905, from Washburn depot at 9:31 a. m.; returning train leaves Springfield 5:30 p. m., arriving Jacksonville 6:55.

HEIR TO MILLIONS

Chicago Girl Comes Into Possession of Estate of Minnetonka Millionaire.

Minneapolis, July 29.—Through the process of proceedings in the district court to day Miss Edna Dickerson, a Chicago stenographer, came into undisputed possession of the estate of Albert Johnson, deceased, a Minnetonka millionaire, estimated at between \$2,000,000 and \$3,000,000. Upon a stipulation between Dr. Ag Johnson, contestant, brother of the deceased, and Miss Dickerson, the probate court judge, the will was admitted and judgment affirming the order of the probate court was entered. Causes for dropping the case are not stated.

DETAINED BY FEVER.

Havana, July 29.—Sheriff Williams of Alameda, Minn., who has come to Cuba to take back to the United States Alfred Duck, former cashier of the Mapleton State bank, who is wanted for the alleged falsification of \$50,000 from the bank, is among those detained at the Tricofia detention station, where passengers from fever stricken states are held.

BISHOP JOYCE'S FUNERAL.

Minneapolis, July 29.—The funeral of Bishop Joyce will be held at the Hennepin Avenue Methodist church Monday afternoon. The principal addresses will be by Bishops Joseph P. Barry, Buffalo; Stephen M. Merrill, Chicago, and John W. Walden, Cincinnati.

MAYOR DUNNE

Delivers Address in Boston on Municipal Ownership.

Boston, July 29.—Several thousand persons this afternoon heard Mayor Dunne of Chicago, deliver an address on "Municipal Ownership" at the annual outing of the Tammany club. While instancing the effect of municipal ownership in European cities, Mayor Dunne spoke particularly on the Chicago campaign in this direction and said the movement is not only strong in Chicago, but is growing with tremendous strides all over the United States, and he declared it was a fact that all the capitalistic influences of the country and most of the politicians are ranged against absolute municipal ownership, but that the time of municipal ownership is not far off.

EXPRESS THIEF CAUGHT.

Roseville, N. D., July 29.—After eluding detectives for over a year, James H. Pope, charged with theft of a package of money containing \$8,000 at New Salem, Pa., was captured at Carlsbad, N. M. Pope was agent of the Adams Express company at New Salem when the package, which was consigned to the New Salem bank, was lost March 10, 1904, and he disappeared immediately afterward.

INTO A DITCH

Wreck on Santa Fe Near Chicago—Five Italians Fatally Injured.

Chicago, July 29.—The California express on the Santa Fe railroad leaving this city at 10 o'clock went into a ditch at Lemont, thirty miles southwest of here. Five people, all Italians, were taken from the wreck badly mangled and, although none of them was killed outright, it is not thought they can survive.

The accident occurred at a sharp curve where the road crosses the drainage canal. As the train at high speed came around the curve the smoking car jumped the rails and carried with it the reeling chair car. Both cars turned completely over and fell into the ditch. Four sleeping cars left the rails but did not turn over and none of the passengers in them was hurt beyond some slight bruises and the shaking up received. A relief train was sent to the scene from Joliet. All the injured were taken to a hospital in that city.

TAPT AND PARTY.

Tokio, July 29.—Secretary Tapt and party left for Kyoto on a special train this evening receiving an enthusiastic send-off at Shinjuku station from a distinguished assembly including foreign civil, military and naval officials, bankers and other mercantile representatives.

TRIP AROUND WORLD.

Madison, Wis., July 29.—Vernon Bryan took an intimate trip here he would soon start for a trip around the world. The trip will last from one to two years. He will join Mrs. Bryan in Japan, for which country she has started.

DEATHS.

Shanghai, July 30.—Admiral Yeh of the Chinese navy died suddenly at Kiangnan arsenal Saturday.

Springfield, July 29.—Capt. Pearson H. Kiser, of Mechanicsburg, died to day at a hospital, aged 55 years. He was a pioneer manufacturer of corn planters in Illinois and was an officer of the Seventy-third Illinois infantry during the civil war.

RUSSIAN PRESS MORE WARLIKE

OBJECT TO HUMILIATING DEMANDS OF JAPS

Newspapers Stirred by Statement of Japanese Envoy's Spokesman—Denial by Sato—Attitude of China.

St. Petersburg, July 29.—The tone of the Russian press grows more warlike as the peace conference draws nigh and the government on all sides is urged to resist humiliating demands even at the cost of continuing the war. The Russ, which has now the largest liberal following, finds the Japanese demands far from moderate and sees little chance of the conference ending successfully. If Mr. Sato has correctly stated the Japanese position, but it appears to believe that Komura's spokesman is acting on his own responsibility, or seems a possible bluff to pave the way for acceptance of actual and more moderate terms by Japan.

SATO'S STATEMENT.

New York, July 29.—Almer Sato, of the Japanese peace delegation made a statement to the Associated Press to night, in which he denies that he has ever in any interview given out terms which Japan will demand for peace, or that he said Japan will make any demands whatever. Sato says he is not spokesman for Komura and does not know upon what terms peace negotiations will be made.

VIEWERS WANTED.

Berlin, July 29.—The Lokal Anzeiger prints an interview with a prominent Chinese diplomat, evidently the Chinese minister at Berlin, who says the danger to the empire have sent a circular letter to all viceroys and governors and to Chinese ministers abroad, asking them to state fully their views as to what attitude China should take in settlement of the Manchurian question.

The diplomat further states China in determining what indemnity to demand from Russia will include not only reduction in public revenues during the war, but also a sum sufficient to cover damages suffered through years of illegal occupation of that country. He assumes Japan will keep her word and hand over Manchuria to China, but thinks it will be impossible for China to install the old form of government there, since improvements Russians and Japanese have introduced make a modern system of administration necessary. The diplomat concludes:

"China will no longer play the role of a mere spectator, but will assert its claims with energy in the Portsmouth negotiations, and interesting developments will certainly follow."

HELPS WAR PARTY.

St. Petersburg, July 29.—Information of Mr. Sato, Baron Komura's secretary, that Japan will claim full indemnification for cost of the war besides the island of Sakhalin has gained recruits for the war party from the element which had hoped Russia would be able to offer railroads to Port Arthur and Dalmia, the island of Sakhalin and other valuable considerations in lieu of a direct cash indemnity.

The war office is not slackening preparations for continuing the war in case peace negotiations are unsuccessful. The gap in Lincolnton's army caused by losses at Mukden has been filled and the railroad is working to its full capacity carrying reinforcements to form fresh corps.

PLANS OF JAPANESE.

Khabarovsk, Manchuria, July 29.—Japanese are apparently concentrating in considerable force far to the eastward with the aim of operating against Khabarovsk and getting in between Vladivostok and the Russian Manchurian army. It is reported the Japanese have landed at several places in the Siberian littoral between Nikolayevsk and Desiaty and that the telegraph line to Nikolayevsk has been cut. These landings, however, are reported to be by small forces.

CASES NOT PROSECUTED.

Denver, July 29.—District Attorney General Stodger to day notified cases against James M. Herbert, president and general manager of the Colorado & Southern railway, and Daniel Sullivan, postmaster of Cripple Creek, who were charged with bribery by Senator Morgan during the governorship contest last winter.

EMPEROR REFUSED PERMISSION.

Berlin, July 29.—News has been received here from Coburg that Emperor Nicholas has refused his permission to Grand Duke Cyril, his cousin, to marry the divorced grand duchess of Saxe-Coburg and Gotha.

GIFT FOR WOMAN'S BUILDING.

Minneapolis, July 29.—Thomas Shavlin, of Minneapolis, to day gave \$50,000 for erection of a woman's building at the University of Minnesota. There were 120 women in attendance at the university during the past year, with no specially equipped building for rest and recreation.

BENNINGTON, DEATH ROLL GROWS.

San Diego, Cal., July 29.—Two more names were added to day to the list of dead in the Bennington disaster, making the total sixty-four. R. C. Greis, Toledo, Ohio, and Peter Nielman, carpenter's mate, died to day.

LIVELY SESSION

Revolvers and Black Jacks Figure in Springfield Council Meeting.

Springfield, Ill., July 29.—Drawn revolvers and blackjacks in the hands of police officers figured in the special meeting of the city council to night. Alderman Hay, Republican leader in the council, was knocked down by a policeman. The meeting was called by three members of the council and in resolution offered extending the time for lighting the city of Springfield by the Springfield Electric Light and Power company one month until the council could decide whether to operate a municipal light plant. A motion to adjourn, intended to forestall the adoption of the resolution, was declared carried by the mayor.

Alderman Hickox was then elected chairman of the meeting, but on attempting to take the chair was confronted with a drawn revolver in the hands of a police sergeant, and Hickox desisted. Alderman Hay attempted to take a hand in the matter and was knocked down by a policeman. Mayor Deveraux ordered the police to clear the council chamber and had the lights turned out. Attorney Lowry, for the lighting company, was later assaulted in the streets by two police officers and taken to headquarters, but was soon released.

Ten of the fourteen aldermen then met at Hay's office and adopted a resolution extending the lighting contract to Sept. 1. Later Mayor Deveraux was served with a temporary injunction on application of the general manager of the lighting company restraining the mayor from interfering with the operation of the city electric light plant used by the general utilities company.

CHINESE BOYCOTT

Large San Francisco House Cancels All Orders.

San Francisco, July 29.—Louis Getz, president of Getz Brothers & Co., one of the big importing and exporting houses of this city, received the following cable from Shanghai:

"Cancel all orders; boycott of American trade effective among Chinese merchants; all business entirely suspended."

This cable came from the manager of the company in Shanghai and it means none of the goods which the firm is now preparing for shipment to China will be sent.

Getz said to day: "We will cancel orders for flour, meal, hardware, provisions, canned goods and many other things. This boycott means more to us than the loss of a few orders. We have branch houses in Shanghai and were about to open another on Hong Kong. Our Shanghai house will have to suspend business and work on our Hong Kong establishment must cease."

FOUGHT A DRAW.

Los Angeles, Cal., July 29.—Before a crowd of four thousand persons at the Pacific Athletic club Hugo Kelly, of Chicago, and Tom Burns, of Detroit, fought twenty rounds to a draw. Burns had all the better of the fight. He punished his opponent considerably, but owing to an agreement between the men that if both were on their feet at the end of the twentieth round the referee declared the battle a draw.

BARON ROSEN.

Manchester, Mass., July 29.—Baron Rosen, Russian ambassador, accompanied by his secretary, left here to day for New York to await the arrival of M. Witte, the other Russian plenipotentiary.

MAN AND WIFE KILLED.

Shot by United States Marshal's Indian Territory.

Muskogee, I. T., July 29.—United States Marshal Noble and Edward killed J. B. Coleman and wife and arrested their son, aged 15, after a fight on Deep Fork river twenty-five miles west of Checotah. The Coleman family had stolen horses, mules and cattle in the Choctaw nation. About the same time the killing occurred on Deep Fork. Grant Johnson, another deputy marshal, killed Jonas McIntosh, two miles east of Enterprise, I. T., while trying to arrest him on a charge of murder.

TRAIN WRECKED.

St. Louis, July 29.—A southbound passenger train on the St. Louis, Iron Mountain & Southern road was wrecked to day at Diaz, Ark. The engineer and fireman were killed and twelve passengers and two mail clerks injured.

RAILROAD RUMOR.

St. Paul, July 29.—The Pioneer Press says it is rumored in railway circles that James N. Hill, eldest son of James J. Hill, will become first vice president of the Northern Pacific, succeeding Col. Daniel S. Lamont, who died recently.

BOTH KILLED.

Anderson, Fla., July 29.—In pistol fight here to day between J. J. Green and Ed McRae both men were killed. The cause of the tragedy is not known.

WILSON WILL NOT RESIGN

BECAUSE OF EXPOSURE OF COTTON LEAK

Witness Haas Put in Attitude of Defendant by Wilson's Report—Government Receipts and Expenditures.

Washington, July 29.—Secretary Wilson of the department of agriculture to day characterized as "wholly without foundation" the story that he will resign from the cabinet because of exposure of the cotton leak.

WITNESS HAAS.

In proceeding against the recalcitrant witness Haas of New York in the cotton report leakage case, Judge Wright held that Secretary Wilson's report put Haas in the attitude of defendant in criminal proceedings and that he could not be requested to answer questions tending to incriminate himself. He issued an order requiring questions as to whether he had ever lived in Washington or had been employed in the department of agriculture and excusing him from answering those as to whether he knew Edwin S. Holmes or Mr. Peckham and other New York witnesses.

RECEIPTS AND EXPENDITURES.

The monthly statement of government receipts and expenditures which will be issued by the treasury department Aug. 1 will show receipts for July, 1905, approximately \$49,180,000; expenditures, \$52,830,000, leaving a deficit for the month of \$3,650,000. The deficit last July was \$17,300,000.

MOORE'S CASE.

Oyster Bay, N. Y., July 29.—Investigation of the case of Dr. George T. Moore, scientist of the department of agriculture, who resigned yesterday, is to be made by the department of justice to determine whether prosecution is warranted by the facts.

This was made clear to night in correspondence between the president and Secretary Wilson publication of which was authorized by the president. It appears from this and accompanying papers that the first suggestion toward looking into the bureau in which Moore was employed came in a letter to President Roosevelt from T. D. Harman, manager of the National Stockman and Farmer, in which the president's attention was called to apparent connection of department employees with firms selling nitro culture. The president referred this letter to Secretary Wilson. The secretary investigated and Moore's resignation followed.

The results of the inquiry, Moore's resignation and defense of himself were sent to the president. Now by direction of the president the whole matter will be probed to the bottom and if the facts should warrant prompt action will be taken by the department of justice.

TENNIS CHAMPIONSHIP.

Lake Minnetonka, Minn., July 29.—Kreigel Collins, of Chicago, to day defeated Rueben B. Ugar, of California, for the northwestern tennis championship, now holding the two titles of western and northwestern championship, while Collins and Waldner, of Chicago, the champions in doubles of the west, won with ease the northwestern championship against the Belden Bros., of this city, in three straight sets, many games of which were duces games. In the singles Collins won the championship by 4-6, 6-1, 6-2, 6-2, while the scores in doubles were 6-1, 6-3, 6-2.

IN THE DARK

Depew Has Nothing to Say About Affairs of Equitable.

New York, July 29.—United States Senator Chauncey M. Depew arrived to night on the American liner steamer St. Paul. When asked if he would make any statement about affairs of the Equitable Life Assurance society, Depew replied that he had greatly in the dark as to what had happened during his absence he could not and would not make any statement at present. He said:

"So many things have happened while I have been absent that I do not care to say anything until I have had a day or two to go over matters and have a talk with officers of the Equitable society. When I have become more familiar with the run of affairs I shall be better able to make some statement."

VICTORY FOR BYSONBY

Keene's Horse Wins Brighton Derby—Italy Prevented Detroit Races.

New York, July 29.—Leading from start to finish, James H. Keene's Bysonby, at 1 to 4 in betting, to day won the \$15,000 Brighton Derby at Brighton Beach, defeating Agile, 7 to 2, by four lengths. Pasadena was third, Time for the mile and a half, 2:33 1-5.

RAIN AT DETROIT.

Detroit, July 29.—Rain prevented the races to day. It was decided to settle the 2:30 race and 2:10 (not according to standing heretofore. The Merchants and Manufacturers' stake will be decided Monday.

AMALGAMATE ORGANIZATIONS.

New York, July 29.—George H. Shaffer, president of the Retail Butchers' Protective association, said to night it is the purpose of that organization to amalgamate with the Master Butchers of the United States when the two associations meet at Grand Rapids, Mich., in August. "After the two organizations have united it will be our purpose to eliminate or modify all tariff on livestock and dressed meat and to encourage raising of cattle in eastern states," said Shaffer.

GOLF CHAMPION

H. Chandler Egan Wins Championship Tourney.

Chicago, July 29.—H. Chandler Egan, of Exmoor, successfully defended his title of western champion by defeating his cousin, Walter Egan, 3 up 2 to play in the "glorious links" golf in the morning rounds was mediocre. Chandler had a lead of one hole at the first quarter. At the end of the half Chandler retained his lead of one hole. Walter began the afternoon playing indifferently, but at the twenty-eighth hole had so steeled his play that he was 1 up on Chandler. Four under bogey for the next four holes, Chandler made a spurt that practically decided the championship. Winning the twenty-eighth, twenty-ninth, thirtieth and thirty-first holes, Chandler won by three holes. Three holes were halved, Walter being in luck to get a half at the thirty-third, as one of his shots was played from a bunker. On the thirty-fourth green Walter had a fourteen-foot put for a 2, but failing to hole the match was ended, Chandler 3 up 2 to play.

WANT MORE WAGES.

Chicago, July 29.—Officers of the Freight Handlers' union to day sent to the General Managers' association, an organization composed of all roads entering the city, a request for a conference Wednesday. The freight handlers for some time have been demanding a ten per cent increase in wages and it is possible if this is not granted, or if the managers refuse to arbitrate the question, a strike may be ordered.

SIXTEEN KILLED.

St. Petersburg, July 29.—The official list of casualties during the recent four days rioting at Nizhni Novgorod shows sixteen killed and fifty-three wounded.

BRITAIN IS IN IGNORANCE

AS TO MOTIVES OF EMPEROR WILLIAM

Views of English Official Regarding German Ruler's Recent Maneuvers—Talks of Alliance With France.

London, July 29.—The British government is still in complete ignorance as to the motives for Emperor William's recent maneuvers, but is assured that his efforts ultimately will be directed toward a re-adjustment of the equilibrium of Europe, which was disturbed by the removal of Russia from the scene as a sea power. A high official said to the Associated Press to day:

"Alarm created by the press of Europe during the past week was undue. The situation is not warlike, though it naturally required Great Britain shall make a move to prevent its becoming dangerous. The British government is convinced that any agreement of the powers arranged by Emperor William would be on the opposite side of the scale from Great Britain and makes no secret of her desire to effect an agreement with France, considering that such an agreement would preclude the menace of any alliance Emperor William could then bring about."

Whether or not this project has been formally broached to France the Associated Press was unable to ascertain, but indications are the French government is awaiting the divulgence of the German emperor's program. "France," said an official to the Associated Press to day, "should naturally be aligned with liberal governments rather than with autocracies, with the character of which her people are not sympathetic."

TO VISIT KING CHRISTIAN.

Copenhagen, July 29.—Emperor William, who will visit King Christian next Monday, will stay for three days at Bernstorff castle, the summer residence of the king, in anticipation of the visit and apparently in fear of hostile demonstrations against Emperor William, the German legation to night issued the announcement that expulsions from Schleswig, Prussia, will be stopped. These expulsions have for a long time been the subject of resentment in Denmark.

St. Petersburg, July 29.—The approaching crisis of a British mission in the Baltic sea, being announced on the heels of the meeting between Emperor William and Nicholas at Borko, has created a great stir here and has given a new turn to conjecture about the purpose of Emperor William's trip to Riga waters. The German emperor is now credited in some quarters with a desire to enlist Russian support in securing for the Baltic the attainment of a mare clausum, and immediate declaration that a British fleet intends to pass the bells is regarded as "Great Britain's cry of checkmate." Nothing official is obtainable concerning the crisis, the foreign office maintaining that it has not been apprised of its purpose or details of the program, and it declines to discuss the subject seriously in the absence of further information.

END OF CASE

Indictments Against Standard Oil Officials Will Not Stand Test.

Peoria, July 29.—Guy B. Taylor, former auditor and Critterton P. Collins, vice president of the Standard Oil company in 1903, will not be arraigned on indictments returned by the Tazewell county grand jury at Peoria some months ago. State Attorney Schaeffer is in receipt of an opinion from the attorney general's office saying in order to make the indictments effective they would have to be drawn by a grand jury in the same state in which the men live. This will probably end the case against them.

RAILROAD NEWS NOTES

**Wabash Will Transfer Show
Trains Here—Alton Working
on Right of Way for New Air
Line—Items of Interest—Per-
sonal Mention.**

Operations are in full blast at the
head end of the new Alton air line,
and 50,000 ties are expected at Mur-
rayville Monday. The contractors
now have full charge. The O'Hara
company of Kansas and the Dalhoff
company of Kansas City. The former
company will do most of the grading
and the other company will have
charge of the construction work after
the grading is completed. A long
siding is being built from the line
junction north on the west side of
the main track which will hold from
fifty to 100 cars of material. Al-
though it has been reported that the
entire right of way has been secured,
such is not the case, as men are now
engaged in buying it. The real estate
agents are meeting with success
and in a short time it is expected
that work will commence at the Mur-
rayville end of the line.

The Alton expects to transfer three
shows from the Wabash to their
tracks within the next few days. The
Patterson-Brainard Carnival Co. will
arrive via the Wabash to day and will
be taken to Carrollton. A chair car
was set out for their use yesterday.
The Wallace Bros. show of thirty-five
cars and the Gollmar Bros. Co. of
twenty cars will both arrive Tuesday
evening and will be transferred to
the Alton tracks. The former com-
pany will be taken to Carrollton and
the latter will go to Roodhouse.

J. B. Chambers, agent for the Bur-
lington at Litchfield, was transact-
ing business in the city yesterday.

C. P. Bemis, of Roodhouse, train-
master of the Alton, was in the city
Friday.

TAMPERING WITH BOAT LOCKS.

Considerable complaint has been
heard regarding the breaking of
locks on private rowboats at Nichols
park. Several locks have been found
broken by the owners of the boats and
the matter is now under careful sur-
veillance and if the offenders are
caught they will be prosecuted. The
breaking of a lock is a serious of-
fense in the eyes of the law and
those who have been engaged in the
practice had better desist.

TREAT YOUR KIDNEYS FOR RHEUMATISM

When you are suffering from
rheumatism, the kidneys must be at-
tended to at once so that they will
eliminate the uric acid from the
blood. Foley's Kidney Cure is the
most effective remedy for this pur-
pose. R. T. Hopkins, of Polk, Wis.,
says: "After unsuccessfully doctoring
three years for rheumatism with the
best doctors, I tried Foley's Kid-
ney Cure and it cured me. I cannot
speak too highly of this great medi-
cine." For sale by J. A. Obermeyer,
City Drug Store.

NEW POSTOFFICE

**Photographs of Government
Building Are Taken Every
Thirty Days and Forwarded to
Washington—Second View
Taken Saturday.**

Another evidence of the care with
which the United States government
supervises the construction of her
buildings has come to light in con-
nection with the new postoffice in
course of erection in this city. This
is the sending to Washington every
thirty days photographic views of the
work showing what progress is be-
ing made. These views are taken un-
der the direction of the government
superintendent, who is on the ground
during the entire period of construc-
tion, and new views are taken every
thirty days from the time the first
brick is laid until the contract is
completed and the job accepted.

The photographs in the present
case are being taken by McCullough
Bros. The first were taken thirty
days ago and the second were taken
Saturday.

The views which Mr. Appleyard,
the government superintendent, de-
sired to be taken Saturday were a
view of the entrance to the basement,
which is on the south side of the
building, and a general view of the
iron work being put in for the sup-
port of the floor. The entrance to
the basement is perhaps farther along
than any other portion of the build-
ing, a considerable quantity of the
granite and finishing brick having
been placed there.

Interest in the construction work
keeps up and crowds may be seen
watching the progress of the build-
ing with great curiosity at almost any
time of the day.

TWO BOTTLES CURED HIM

"I was troubled with kidney com-
plaint for about two years," writes
A. H. Davis, of Mt. Sterling, Iowa,
"but two bottles of Foley's Kidney
Cure effected a permanent cure."

ARCADIA

Everyone interested in Christian
work and all who wish services to be
held regularly next year at the M. E.
church of Arcadia are requested to
come to the parsonage in Litchfield
next Monday afternoon at 2 o'clock
and assist in arranging for the com-
ing year. This means all Christians
of any church.

NO FALSE CLAIMS

The proprietors of Foley's Honey
and Tar do not advertise this as a
"sure cure for consumption." They
do not claim it will cure this dread
complaint in advanced cases, but do
positively assert that it will cure in
the earlier stages and never fails to
give comfort and relief in the worst
cases. Foley's Honey and Tar is
without doubt the greatest throat and
lung remedy. Refuse substitutes.

Drug Store.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's
Herpicide.

This word of late has been in every-
one's mouth, and many are wonder-
ing what the word signifies, though to
one has yet been found who will deny that
NEWBRO'S HERPICIDE does the work.
Well, for the information of thousands of
people who like to know all about a good
thing, we would say that HERPICIDE
means a destroyer or killer of "vermin."
New "Herpicide" is the family name of a
disease caused by various vegetable par-
asites. A similar microbe causes dan-
druft, itching scalp and falling hair; this
is the microbe that NEWBRO'S HERPICIDE
promptly destroys; after which the
hair grows again by leading druggists.

Herpicide Co., Detroit, Mich.

It begins to look as though New Orleans needs another Butler, and needs him badly.

In the south it is not so much a question of putting on the lid as it is of putting on the quarantine.

Race track gambling has received a severe blow in Missouri at the hands of Governor Folk, who continues to show 'em.

From recent indications it will be a long time between drinks with the governor of Louisiana and his excellency of Arkansas.

Shonts and Stevens have sailed for Panama and it is hoped that the digging of the waterway by typewriter will give way to the spade.

Walter Scott of Death Valley fame claims it was all an advertising scheme and that he has made good. Those who were so glib with their talk about a fool and his money can now lapse into silence.

Secretary Taft seems to have a boom on over in Japan. If he can just bring it home with him he will be one of the most dangerous aspirants aboard the presidential craft, recently emerged from the peaceful harbor of retirement, and now being swayed by an occasional wave of hot air from a newspaper current.

In the role of kingmaker, Kaiser Wilhelm does not seem to be a success. When the Kaiser found his selection for the Norwegian throne was disavowed by the Danish royal house, from whom he expected certain support, as well as from Swedish sources, he hastened for cover and sought a conference with the czar. As a four flusher the Kaiser was also a failure and his latest proposition of a protectorate over Baltic waters will meet with opposition from more than one power in continental Europe, while England will enter a protest that cannot be silenced by any coup d'etat of German execution.

THE CITY'S GROWTH.

Jacksonville is enjoying a period of marked prosperity. Development is noticeable along many lines. Never was as much building known and all of the structures are of a substantial character. Despite the number of residences being erected there remain but few vacant houses and people desiring to rent find many difficulties in satisfying their wants. Real estate values are up and the sales made, while few, show that high prices obtain. We are not able to boast of the establishment in recent months of many new industries employing hundreds of men, but there is a healthy tone apparent in business and commercial circles that argues well for the future. Activity is seen in many lines and the great water project whose accomplishment will mean so much for Jacksonville is on in earnest and soon a large force of men will be engaged in digging the ditch that will bring to us a supply of the purest water obtainable anywhere in the state.

For a city of its size Jacksonville can boast of more street pavement than any other city in Illinois. This kind of public improvement has been fostered here and with the paving of a few cross streets, which will probably come in a year or two, the entire business section and the greater portion of the residence section of the city will have thoroughfares second to none.

Our city is well lighted and this part of our public improvement has been kept up commensurate with our financial ability and the capacity of our municipal lighting plant. The placing of adequate street signs is a project under way and will add to the up-to-date appearance of the city, as well as proving a convenience long needed. Improvements on the public square have been gradual, but within the short period of two years great changes have been made. There is hardly a poor store front on the square now and the pride of our merchants is shown in the tasteful and attractive manner in which their displays are made and their show windows illuminated.

As far as traction interests are concerned, Jacksonville may be said to be in its infancy along this line; yet recent developments indicate that before many months the present local street car system will be extended and that interurban travel will be possible in several directions to and from our beautiful city.

While great activity is noted in our business and commercial life our educational interests are not being allowed to suffer. The Illinois college and the Woman's college are putting forth splendid efforts to attract here young men and young women who are anxious to be thoroughly prepared to enter life's battle, and

the success of the past will doubtless be largely exceeded by the results of the future. Routt college, soon to be dedicated, is a marked addition to our educational facilities and the educational prestige for which the city has so long been noted seems likely to be maintained, despite a growing competition in the counties surrounding us. Our public and high school system is unsurpassed in the state, while the Business college and our schools of music and of art maintain high standards and attractive courses. With the passing of one more vacation month the value of these educational institutions will be apparent by the advent of students, many of whom are accompanied by their families who locate here and become identified with local interests.

Greater Jacksonville is coming in the right way. We do not want to see any spasmodic outburst of the boom variety, but we will welcome the present high prices in real estate as an indication of confidence on the part of property owners that land values in Jacksonville are not likely of depreciation and that the future has in store for us greater possibilities than the past.

Let us extend a helping hand to every legitimate business enterprise that seeks location within our corporate limits, and let us also extend encouragement to any home proposition that has a tendency to do the community good. Let us all try and merge the spirit of selfishness in the spirit of mutual co-operation and the benefit directly and indirectly to the city and its people will increase in corresponding ratio.

SUMMER VISITORS AT OMENA.

For many years Harbor Point and Harbor Springs, Mich., were the two resorts in the Wolverine state that were the most popular with Jacksonville summer visitors. Recently, however, Omena, Mich., has been a favored spot with many and the popularity of this place seems to increase with the years. Gen. B. H. Grierson has taken a great interest in Omena and has two cottages there and several lots. He has built one pier out into the lake that is 108 feet long and has another under construction. He also has a handsome launch from which he derives much pleasure.

Among the Jacksonville people now at Omena are Gen. and Mrs. B. H. Grierson, Mrs. Cavender, Mr. and Mrs. F. H. Rowe, Cole Rowe, Richard Rowe, Miss Millicent Rowe, Mrs. Howard Russell and daughter, Miss Jennette Russell, Mrs. Charles C. Camps and daughter, Miss Mattie Camps.

Mr. G. W. Dittman, of Cincinnati, is one of the men of wealth who find Omena a delightful place to spend the summer season, and a recent clipping from the Omena paper speaks in glowing terms of a handsome launch he has just received, which is pronounced the handsomest craft on the bay. The boat is of white cedar, with polished oak trimmings and mahogany interior finish. Mr. Dittman is a man of generous hospitality and residents of Omena who are fortunate enough to have his friendship will doubtless enjoy many delightful hours aboard this pleasure craft.

APPEAL TO SUPREME COURT.

An appeal to the supreme court of Missouri will be taken by the Grand Army of the Republic of Missouri, acting in conjunction with the United Confederate Veterans, from the recent decision of Judge W. N. Evans in an election case tried at Rolla, Mo., wherein he held that inmates of the state federal soldiers' home at St. James, Mo., are disqualified as voters under the eighth section of the eighth article of the state constitution. It is estimated that the cost of the appeal will be in the neighborhood of \$500, and Department Commander Henry Fairback has issued a circular letter to the G. A. R. posts in the department of Missouri, appealing for contributions. The funds will be sent to Congressman A. P. Murphy of the 16th district, who will represent the appellants.

Kirby-Capps Tournament to be Decided This Week—Bellatti Won Second Flight Trophy—Mixed Foursome Match for Tuesday.

Only two matches have as yet been played off in the tournament for the Kirby-Capps cup. Dinsmore won from Luttrell 4 up, 3 to play, and Ledford won from Hockenhull 6 up, 5 to play. The remaining matches will be played early this week and the finals will probably be played next Friday.

In the second flight cup, some very close matches developed. In the first round Bellatti won from Hayden, Danksin defeated Post, Baldwin won from Andre and Smith won from Killen. In the semi-finals Bellatti defeated Danksin at the last hole and Smith won from Baldwin.

In the finals Bellatti won from Smith, but it required two extra holes to decide the match. The cup which Bellatti won is a handsome weathered oak, three-handled cup, with handles and trimmings of silver.

The lady players of the club have arranged to entertain the gentlemen next Tuesday afternoon in a progressive mixed foursome. Nine holes will be played, beginning about 4 o'clock, and then the ladies will treat the gentlemen to a picnic lunch, after which an additional 9-hole match will be played. Prizes will be given to the winners and all are looking forward to a pleasant event.

Mixed foursomes are gaining in popularity everywhere, and deservedly, as it not only stimulates the interest, but brings out much of the fine points of the game.

Arrangements will soon be made for matches with Springfield, Quincy, Hannibal and Keokuk, and the team from Bloomington is expected here Aug. 25th.

GAVE COMPANY.

Mr. and Mrs. George Clark entertained a small company of friends at their residence, 1500 East Railroad street, Saturday evening in honor of Mrs. Rosa Marshall, of Columbia, Mo. The evening was spent in a social manner and refreshments were served. Mr. and Mrs. Clark were assisted in entertaining by Mrs. Mary Basket. Mrs. Marshall expects to depart for her home in Columbia this morning, after spending a pleasant visit in this city with friends.

RAN FOOT RACE.

Considerable amusement was created on the north side of the square Saturday evening about 5:30 o'clock, by a foot race between a well known insurance man and a popular restaurant keeper. The stakes were \$5 a side and the course around the square. The insurance man divested himself of his hat and coat, and also his shoes, but in spite of this great reduction in his weight he was distanced easily by his opponent, who won handily at an easy gait.

"FANFARE" MADE A HIT.
The band concert in the park Saturday evening was heard by a larger crowd than usual, which shows that the concerts are growing in popular favor. The last number, a "Military Fanfare," struck the right chord with the audience and was accorded a handsome encore, to which the band responded by repeating the last few scores.

The SPORTING WORLD

By Young's Advice.
"Command of the ball is the first essential to success in pitching," says Cy Young of the Boston Americans. "A good, fast overhand ball kept high, is the one I depend on mostly when anxious to get an out."
"Take the ball with two forefingers and thumb for all styles of work, as it gives me the best control."
"Straight balls over the corners will often prove more effective than the

PITCHER OF YOUNG DELIVERING AN OUT-BROOD.

widest curves. This style is of little use, however, unless the umpire is a good judge of corner work.
"When in good shape, I use a jump ball considerably. It comes with extra speed, and it worked well into the batsman's hands the most difficult ball to hit safe."
"The ball should be kept high when the batsman is out for a sacrifice, and a clever slow ball with a change of pace is very effective when you want to see the batsman send up a weak fly. The underhand ball with a raise I use but very little, as it has a tendency to lame the arm and must be curved as well as raised."

Government Baseball.

It has become known that a number of the players of various baseball teams of the governmental departments were appointed to positions in the government service solely for the purpose of securing them to play ball on the departmental teams. For years there has been a department league of baseball clubs in Washington, which plays a series of games for the championship of the government service. In past years men who were known to have much baseball ability were appointed to positions in one or another of the departments, and as a result of inquiries it is found that the same condition prevails, to some extent at least, this summer.
The statement is made that there are at least three outside men on the team of the interior department, for instance. These appointments appear to have been made without the approval of Secretary Hitchcock. That official knows what has happened in the past, and early this season he put his foot down hard on the practice.

Having Stopped all Thoroughbred racing in Chicago, the battle between the Western Jockey club and the American Turf Association has been carried to different sections of the south and middle west, with the result that a reformer has been started that is not only forcing the closing of running tracks, but has spread to such an extent that no distinction is being made and managers of trotting tracks are suffering from the zeal of the reformers. Several trotting meetings in Indiana have been declared off, and the outlook in other states is none too bright for the trotting horse men.

Vaughan Now a Coach.

James A. Vaughan, who is a graduate of Dartmouth college, has recently been made coach of the Lake Forest college (Illinois) football, track and baseball teams. He made a record at Dartmouth as a halfback, playing in that position for four years. He takes the place formerly occupied by Clarence Herschberger. Vaughan will arrive in Lake Forest about Sept. 1, when the final arrangements for the football game between Lake Forest and Northwestern university will be made.

Japan a Good Horse Market.

Japan promises to be a good market for high class horses. Only last week some very high class trotting and thoroughbred stallions were purchased by agents of the Japanese government. In the future these hardy islanders will be ambitious to raise not only their own cavalry horses, but good race horses as well.
Champion Egan.
Golf Champion Chandler Egan goes into business early next fall, and that means his virtual retirement from the golfing forum. Of course he has a chance to recapture the title, but the odds on the field are tremendous.

The Lottery of Marriage

(Original.)
My father and mother died within a few months of each other, and I, a girl of twenty, went to live with an aunt. I had not been educated to fill any position, and my father having left me nothing, the outlook was distressing. I made up my mind to go to work at something in which no preparation was needed, but my aunt was unwilling that I should be at such a disadvantage and persuaded me, at least temporarily, to wait for some better opportunity.

One day she came to me with a letter, which she read to me. It was from Ethan Andrews, a civil engineer, who had gone to Brazil to take a position on a railroad that was then being built and had determined to make the country his home. He was evidently a practical (I called it brutal) sort of a fellow, without a spark of romance in him, for he asked my aunt to select a wife for him and send her to him just as he would commission her to buy a horse. She proposed that I should be the article purchased.
The case, on Ethan Andrews' part, I have since learned was not so bad as it appeared. My aunt had written him about me with a view to making a match and had sent him my picture, but she said nothing to me about this, leaving me to decide, as it were, in cold blood. The letter she had shown me was his reply. They had their own reasons for this course.

At first I rebelled, but at last, in a fit of desperation, consenting, taking the leap as a hunted doe will jump from a cliff. I asked no questions as to the traits of the man into whose arms I was about to cast myself, nor to see his likeness. I was taken to the steamer as a lamb led to the slaughter. The steamer touched at Havana, and this was my first appearance on deck. Under other circumstances I would have been interested in this scene, but recently connected with the Spanish-American war, but now I was too haggard to be interested in anything. When later we steamed out of the harbor, a gentleman began to tramp back and forth apparently for exercise near where I was sitting. Presently he noticed my forlorn appearance and gave me an involuntary look of sympathy. Then he went below. I lifted, to get rid of so disagreeable a sight as myself, but he soon reappeared with a bundle of magazines and deferentially offered them to me. This was the beginning of an acquaintance that in a few days ripened into friendship. Though he delicately refrained from asking me the cause of my gloom, I longed to tell some one and confided it to him.

"Poor child," he said, a world of sympathy in his voice, his manner, and especially in his kindly brown eyes. "Do you wonder," I asked, "that I am the quintessence of misery?"
"Of do not. At the same time I can understand the motives of the man who has sent for you. Doubtless he missed the companionship of his own countrymen, and remembering that 'love is blind' and 'marriage is a lottery,' concluded to rely upon your aunt's selection, especially since he could not go and select for himself. No, I am not prepared to admit that the man you are to wed has the unrefined instincts you infer."
"And what do you think of my action in the matter?"
He made no reply for some time. He was pondering.
"You have evidently found it easier," I said, "to excuse him than me."
"My hesitation is rather that you require a woman instead of a man to judge for you. The man put your case in this place is in this case impracticable. No man can put himself in a woman's place."

"You can at least judge whether I have acted wisely or not."
"Under duress you have made a decision involving a risk, but who shall say whether your circumstances justify the risk or whether it is a greater one than if you had selected your life partner after a study of him during a courtship in which you were blinded by love and in which each participant studied to conceal every defect?"
If the man who had sent for me had put his proposition in such comfortable words I'm sure I should have fallen into his arms. Possibly I gained comfort from the modest manner in which my campaigner analyzed my case, and more especially his soothing, kindly tone. At any rate I was relieved and did not release him into my former state till we entered Rio harbor. But at parting with my friend, although he strove to cheer me, as soon as he was gone I collapsed.
The same evening at a hotel in Rio a card came up to me, and, brushing away tears, I nerved myself to meet the monster who was to be my partner for life. When, instead, the companion of my voyage came into the room my heart beat with a wild hope that Providence had sent him with relief. He stood looking at me with an amused look for a moment, then asked:

"Well, have you seen your brutal partner? I can't presume to call him your lover."
"No, his card has just come up, and I supposed you were he. I presume he will be up in a moment."
"My poor child," he said, "I am Ethan Andrews."
"You?"
"Yes, I went to Havana to meet you. I feared so businesslike a courtship might repel you and preferred that you should have an opportunity to judge of me before completing your bargain. If you prefer to return, your ticket is ready for you."
It is needless to say that I chose to remain.

OLD PEOPLE AND THEIR TROUBLES

Old People have more of the pains, aches and discomforts of life than do the young. This is perfectly natural, because their blood is not so vigorous, nor their powers of resistance so great, and troubles that younger, healthy constitution could resist often afflict them.

During the civil war I contracted catarrh and suffered with its effects for many years. I tried various remedies and doctors, but with the worst result. One day I found one of your pamphlets and read it carefully. I decided S. S. S. was the medicine I wanted, and I began its use at once. My health was wonderful, and as I was getting along in years, I had most of the pains and ailments incident to that time of life; but after taking this great remedy for a while I began to improve and soon found myself a strong, well man. I am now more than 70 years of age, but my health is good, because of S. S. S. Nothing equals it as a tonic and blood purifier, and I recommend it to those needing such a medicine. L. S. LOCKRIDGE, Fordyce, Ark.

Rheumatic pains, sleepless nights, sickle appetites, are not imaginary troubles of old people as is sometimes thought. They need a medicine that will supply their blood with its lost vigor, and build up and strengthen their constitutions. S. S. S. is the ideal remedy for Old People. It is made entirely from roots, herbs and barks, and does not injure the system in the least as do those medicines containing mineral ingredients. S. S. S. is gentle in its action, purifying the blood of all poisons and relieving old age of its discomforts by supplying a robust, healthy constitution.

LEWIS-CLARK EXPOSITION

Illinois Day Promises to be an Important Event—Many Visit State Building Modeled After Lincoln Home.

The Illinois building at the Lewis and Clark exposition has become one of the great attractions of the fair. It is now generally known that the Illinois commission has reproduced the only home Abraham Lincoln ever owned as its state building; and from early morning until closing hour, the building is filled with interested visitors. Such men as Dwight M. Hillis and Joseph Miller, the poet of the Sierras, have pronounced it the most interesting building upon the exposition grounds; and Mr. Miller found time in the midst of pressing social duties to make the building a second visit for the purpose of further investigation of the life of Mr. Lincoln, from the original pictures and documents which the commission has gathered throughout the United States and placed upon the walls of the home, showing the most interesting chapter in the life of the great president.

It is the first building upon the grounds that Illinois people visit, and most of them return to bid farewell to the official family, who are leaving nothing undone to make all visitors feel at home, and extend to them the welcome that Mr. Lincoln would have desired.

Illinois day, Aug. 17th, promises to be one of the big special days of the fair. Excursions from all over the northwest will be run to Portland that day, and many Illinois people are arranging their intended visit so as to arrive in time to meet Governor Deming and official party, and attend the exercises, which will be held at the Illinois building.

July 21st the Indian band from the Sherman institute, United States government school at Riverside, Cal., played on the pavilion and the crowd taxed the capacity of the Illinois grounds to the utmost.

If Lewis and Clark had seen these well dressed, clean and educated young men, all skilled musicians, who fire the descendants of the painted savages, whom they so often met upon their journey to the coast, it is probable that nothing at the exposition would have impressed them more with the progress of our nation.

Three of the commissioners are now at the fair: Mr. Frank L. Shup, of Newton, Ill.; Mr. Tiffany, of Freeport, and Fred H. Hand, of Cambridge, Ill. Mr. Shup left for home by way of California July 26th.

The following persons from Jacksonville have registered at the Illinois building in recent weeks: Carl Pitman, Mrs. J. A. Schaub, Miss Lola Schaub, Emily Moore, Miss Henriette Lyman, Miss Julia W. Lyman, A. L. Adams, Mrs. J. H. Freeman, Miss Grace Freeman.

See the handsome wedding presents to be found at Schram's jewelry store before you buy

Miss Myrtle Wilson, who has attended the Business college here for the past two years, has returned to her home in Greeley, Colo.

Mr. John A. Vickery, who has ill for the past week at his home on Westminster street, was better Saturday and his many friends will hope to soon see him again at his post at the Dunlap hotel.

Disastrous Interurban Wreck at Mattoon—State Board of Health Has Representative at Cairo to Prevent Yellow Fever Spread—Other Notes of Nearby Towns.

Mattoon—The most disastrous interurban wreck ever known in this section of Illinois occurred Friday afternoon, when two harbor and Mattoon cars collided head on about a quarter of a mile east of this city. Both cars were almost completely demolished and eighteen people were injured, a majority seriously, while one received injuries which may prove fatal.

Jerseyville—The Jerseyville Republican says that a surveying crew will start out next Monday to locate the line of the Alton, Jacksonville and Peoria interurban road between Alton and Jacksonville.

Bloomington—Secretary D. F. Berry, of the Bloomington Business Men's association, has returned from Peoria, where he attended a meeting of the executive board of the Illinois Retail Merchants' association. The board decided to hold the state convention in Bloomington on Feb. 14, 15 and 16, 1909, and Mr. Berry assured them that Bloomington would do the handsome thing and make elaborate preparations for the entertainment of the visitors.

Chandlerville—An executive committee has been named to raise funds and arrange for a soldiers' reunion and display which it is proposed to hold here Aug. 16-17. The committee is composed of Henry Grab, J. W. Cherry, James Sligh, Albert Amant and W. H. Pletcher.

Springfield—Dr. James A. Eagan, secretary of the state board of health, left early Friday morning for Cairo, where he will confer with the local authorities regarding the prevalence of yellow fever in New Orleans and the means to be adopted for the protection of the people of Illinois in case the disease extends further northward. Dr. Eagan will also confer with the authorities at Memphis so that, in case of emergency, there will be a full understanding with the Tennessee city as to the best means of checking the spread or invasion of the disease.

The experiences in Cairo in 1878 and 1897 have demonstrated conclusively that Illinois is subject to the invasion of yellow fever and the appearance of the disease so early in the season in New Orleans is cause for some apprehension and concern. In 1878, when over 200 persons were afflicted with yellow fever in Cairo and when sixty-six were officially reported to have died, with probably others not reported, the disease did not appear until late in September and attained the greatest virulence during October.

Litchfield—Parties in Hillsboro have purchased the \$40,000 worth of stock in the Litchfield Bank and Trust company's bank from the St. Louis people who formerly controlled it. The purchasers are: George W. Paisley, Henry Messmore, Edward J. Miller, Joel K. McDavila and James B. Barringer.

Litchfield—County Treasurer D. F. Brown has compiled the abstract of assessment with the following average for Montgomery county: Horses, \$66.27; cattle, \$20.20; mules, \$7.73; sheep, \$3.21; hogs, \$4.04. The total personal assessment of the county is \$3,708,320.

Hardin—Hardin, the county seat of Calhoun, erroneously supposed to be the slowest county in the state, has nine blocks of granite sidewalk, and is now advertising for bids for 3,600 square feet more. The specifications require a bed of not less than six inches of gravel or crushed rock, four inches of concrete, and a top dressing of one inch of best Portland cement and sand.
